The notice of postponement of work resumption due to the prevention and control of Wuhan coronavirus

Dear Customer,

In order to strengthen the prevention and control of the Wuhan coronavirus, PANJIT manufacturing site in Wuxi and Sales Office in Shenzhen have stopped all production and logistics until February 9th, resume business operations on February 10th (Mon.) in accordance with local government regulations. As for Taiwan headquarter, manufacturing site in Kaohsiung and other offices in Taiwan will resume business operations on January 30th (Thu.) as scheduled, while warehouse in Hong Kong also resumes logistic operations on February 3rd (Mon.).

In order to minimize the risk of contact infection, PANJIT has started strengthening epidemic prevention actions and monitor the health and travel history of all staffs. PANJIT is always concerned about the development of the epidemic situation and cooperates with government regulations to implement relevant countermeasures.

Although the resume date of Wuxi manufacturing site has been delayed, our Kaohsiung site will operate as scheduled after Lunar New Year; the inventory is also sufficient for the emergency needs of clients during the shutdown period of Wuxi site. If you have any questions about the delivery and inventory status, please feel welcome to contact our sales personnel. Thank you!

May all the best wishes to you!
